## HEALTH REQUIREMENTS

Hawaii State Law requires all students to meet physical exam, immunizations requirements, and TB clearance before they may attend a public or private school in Hawaii. Students who do not complete the health requirements before the first day of school will not be allowed to attend school until they are met.

- Medical forms are due to La Pietra by **July 14, 2025**. Other acknowledgment form due dates depended on the time you enrolled. A link to the Magnus Health portal can be found in your Blackbaud accounts as well as in the Parent Portal, where parents will then upload the forms.
- **TO DO NOW:** Contact your doctor to schedule an annual exam.

Tip: If your daughter had a recent annual exam, contact your doctor to request that they complete the required health forms. If her appointment is after July 14, please upload the most recent document you have on file then submit the updated exam after her appointment.

- Forms to bring to your daughter's annual exam appointment for the doctor to complete:
  - Student Health Form 14
  - Immunization Records – Doctor may record your daughter's immunizations on the Student Health Form 14 and/or attach their immunization records
  - Student Athletic Exam Form (required of all students, even if she is not participating in sports)

## BLACKBAUD STAY UP TO DATE

Your Blackbaud account is our portal for keeping parents up-to-date on your daughter's student account, academics, documents and searchable directories. You've already had a glimpse of Blackbaud when you completed your enrollment contract and deposit. Each parent and student will have their own individual account.

- **Student Account.** The first tuition payment will be due **July 31, 2025**. Parents can view account transactions and statements as well as make online payments via credit card with a 3.5% convenience fee added or e-Check. Each month, a statement will be published to your account, and we will inform you via email. Please review your account to ensure payment was received and posted and to view any payments due and payable by the last business day of the month. Avoid added late fees and interest by keeping your account current.
- **Academics.** Students and parents can view student schedules, current grades and comments, and homework assignments.
- **Documents.** Each term, we will post mid-semester progress reports and report cards.
- **Searchable Directories.** Parents can search the online directory for students and their parents as well as our current faculty and staff members.
